

# YOUR ENVIRONMENT'S BUG FREE INSECT / PEST CONTROL

**ONE APPLICATION WILL EFFECTIVELY KILL INSECTS  
FOR 2 YEARS OR MORE!**

YEI's BUG FREE COATING kills crawling and flying insects, cockroaches, mosquitoes, ants, silverfish, spiders, fleas, bedbugs, houseflies..... Can be applied to all interior and exterior surfaces. It can be applied to walls, floors, ceilings, floor drains and trash chutes in apartment buildings; houses, condo's, restaurants, schools, office warehouses and many more applications where insects are a problem! No more sprayed chemicals needed in your living and working environment that may be toxic.

One application with a brush will effectively kill crawling and flying insects for 2 years or more and is odorless, nontoxic to humans and animals. The treated surfaces will provide excellent vector control. A **Vector** is an insect that transmits diseases to humans and animals. Reduce your exposure to disease carrying and allergy triggering insects with Bug Free Coating.

***EPA Registered Pesticide Coating Additive***

**NO NEED FOR EXTERMINATORS TO MAKE  
COSTLY MONTHLY SERVICE CALLS FOR INSECT CONTROL**

# INSECT CONTROL TESTS

The following is a brief summation of studies used to ascertain the efficacy of this insecticide when properly formulated and applied .

Each study consisted of one control chamber without the insecticide, and five test chambers with the insecticide. All insects were exposed to the painted surface for 24-hour periods.

## EXPOSURE STUDIES

Insect type	Control Without insecticide [24-hours]	With Insecticide [24-hours]
<i>Cockroaches</i>	<i>10 Cockroaches alive</i>	100% Mortality
<i>Ants</i>	<i>50 Ants alive</i>	100% Mortality
<i>Silverfish</i>	<i>20 Silverfish alive</i>	100% Mortality
<i>Spiders</i>	<i>10 Spiders alive</i>	100% Mortality
<i>Fleas</i>	<i>25 Fleas alive</i>	100% Mortality
<i>Houseflies</i>	<i>15 Houseflies alive</i>	100% Mortality

RESULTS: After 24-hours 100% mortality of all flying and crawling insects was achieved.

**This product does not repel insects. It is a contact pesticide. It begins to work after an insect makes contact with the treated surface and will kill effectively for 2-years plus.**

**YOUR ENVIRONMENT'S BUG FREE  
DO- IT- YOURSELF PEST CONTROL KIT  
IS EASY TO APPLY**

One gallon of YEI's Bug Free Coating will cover 2,100 lineal feet when applied at 4" wide. Apply to baseboards, foundations, cracks, crevices, and all interior and exterior surfaces.
